6. Attentions

【Tidal Fluctuation】

- Tide level fluctuates. Please refer to the pier plan for the tide height at re-ebb tide.

※The floating pier is chain-fastened, so the chain on the seabed may be stretched during strong winds and low tide. Please be very careful when mooring as it may interfere with the ship's bottom and propeller.

【Precautions while navigating】

- Please observe the navigation rules of Miyazaki Pref. and Aburatsu Port.
- Please do not obstruct the Regular vessels or vessels on the daily route.
- Please be sure to slow down in the vicinity of this port "Marine Station".
- When mooring, please moor at the designated areas by yourself.
- The landing time will be until 5:00 p.m.
- Please pay close attention to the boats around you, including regular boats.
- If the weather conditions become unstable, please do not take any chances and call to cancel your reservation and return to your berth.
- Please be sure to check the ebb and flood tide times and Sunset times in advance.

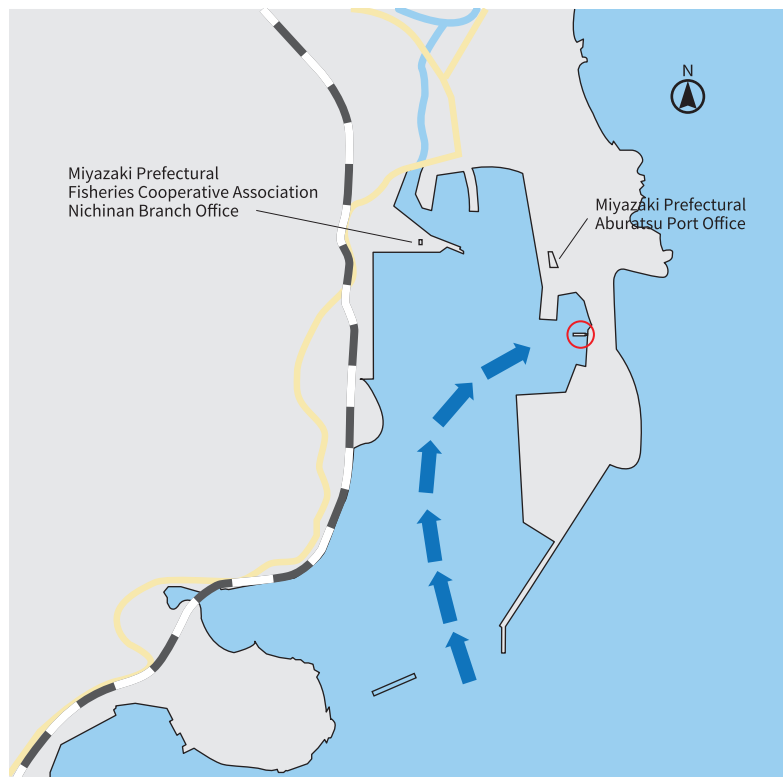

【Precautions for mooring】

- Please prepare fenders and mooring ropes before leaving the dock.
- Please be sure to land at the reserved mooring area on your own.
- Please keep the time of mooring strictly.
- Please take your trash (garbage) with you.
- No fires or Gas is allowed to use.
- Boats that disturb residents or other boats in the vicinity will not be permitted.
- Business activities on and around the pier are prohibited.
- We will not be responsible for any storage, accident, or theft at our facility.
- Please be sure to carry your valuables and boat key with you when you go ashore.

【Important】

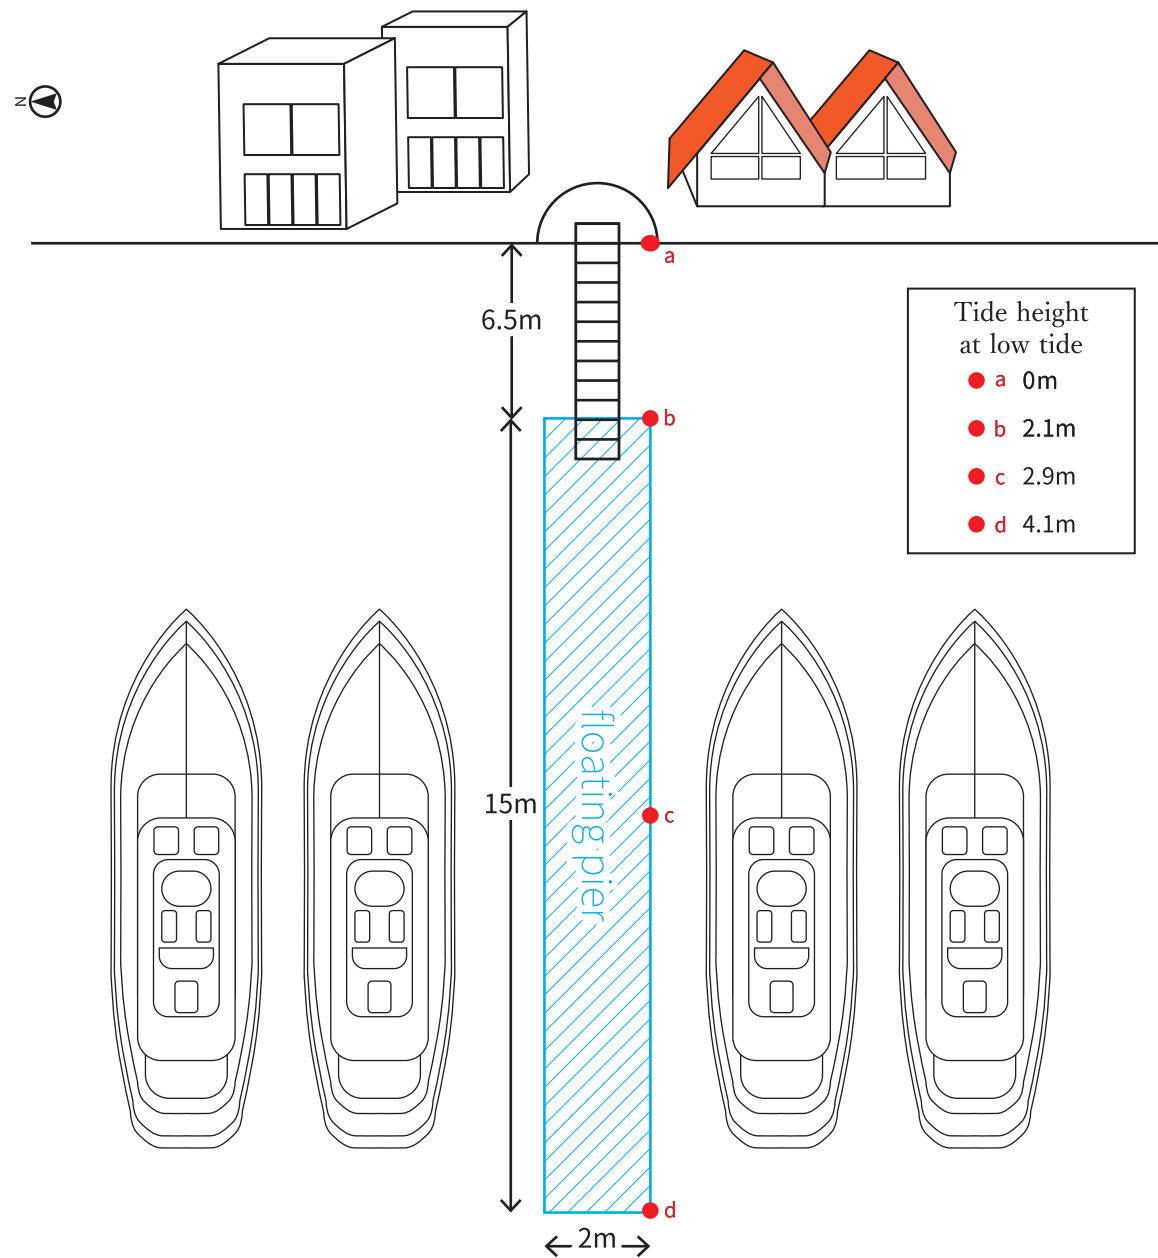

- Please pay the fee in cash on the day of use or make a bank transfer in advance.
- Bank transfer fees are the responsibility of the customer. The bank transfer information details will be provided at the time of inquiry.
- In the event of cancellation without prior notice, the fee will be charged in advance from the next time onward.
- In the event of particularly bad manners or use that offends public order and morals, we may refuse to allow you to use the facilities in the future.
- Illegal mooring of vessels other than registered vessels is prohibited.
- In the event of damage to our facilities or other vessels, please report it to our staff immediately, and the same time, you are responsible for compensating for the damage and settling any disputes.
- In the event of damage to the vessel, condition, theft, drifting, stranding, etc. due to rip currents, etc., the user of the facility shall be responsible for handling all such damages.
- The facility is not responsible for any damage caused by natural disasters such as typhoons and tsunamis, theft, collisions or other causes beyond the control of the facility.
